the concept of programme evaluation now more than half a century old refers to the practice of professional assessment of a programme that is informed by evidence and guided by evaluative thinking to arrive at a judgement about value merit worth significance and utility good programme evaluations in general adopt an inclusive development approach rather than a transformative approach feminist evaluations by contrast identify a wide range of stakeholders and engage the larger community in order to identify and encourage the programme to challenge social norms that perpetuate inequalities between men and women and other genders the essays in this volume in different ways suggest that gender transformative change cannot happen through the actions or exercise of agency by one group alone whether it is girls or boys or women instead the authors draw out the importance of connectedness between groups of people and between individual agents and the larger structures within which they are located in doing so they apply a feminist lens to a range of programme evaluations and policies at both the national level and at the level of specific states uttarakhand delhi bihar haryana rajasthan and tamil nadu

this book covers themes related to the geosphere biosphere sociosphere and ecosphere dealing with changing geographical environmental and socio economic realities to plan a sustainable future for the northeast region ner of india the ner consists of eight states assam arunachal pradesh tripura nagaland manipur mizoram meghalaya and sikkim and they carry political economic and social importance the book integrates the past present and future of geospheric attributes incorporating progress towards the sustainable development goals sdgs to meet the demands for improving human wellbeing under diverse and challenging socio economic political and environmental conditions the key sdgs as in food and agriculture health education water energy and other overarching goals of the region have yet to incorporate providing sustainable jobs and promoting

equality and inclusive development although there have been a few studies in that regard the challenges to achieve sdgs in the ner are formidable compared to the rest of india the ner has put a great deal of effort into achieving the sdgs mainly in poverty sdg 1 good health sdg 3 education sdg 4 gender sdg 5 decent work sdg 8 and reduced inequalities sdg 10 similar to the rest of the country however the standard development indicators such as road length access to health care power consumption and other measures are far below the national average a multi pronged strategy has played a pivotal role in the region but development strategy to attain the sdgs 2030 must be more inclusive in empowering people with maximising self governance considering the resources needs and aspirations of the people this book evaluates the performance of the sdgs and fills in the gaps it includes case studies focusing on different sdgs using advanced cartographic statistical and gis techniques and methods it also provides unique findings that serve as valuable resources for planners and policy makers so that a sustainable future in northeast india can be achieved
